## RICKY MEAKIN

Courageous, Northern rooted, galactic pioneer. Made in the Midlands, UK. Experienced cosmic journey maker, ambient timescape music creator and electronic soul feeder. An International DJ, Music Producer and Events Director, specialising in Balearic club culture and extraterrestrial beats. Ricky pushes the boundaries in future music, subliminal slomo, dub house and disco.

Intrigued and inspired early on by his Uncles Technics 1210's, neon lights and the sound of a 80s Black Box beat - Ricky pursued his first love and his life's mission, to get people together and get them dancing. Hitting the early age of 17, Ricky played his first sets to 800+ local derbyshire ravers in his home town night club, the old cinema hall, Tonkers, Ripley. Being hooked on carefully programmed 6hr journey sets performed by inspiring veteran DJs such as Andrew Weatherhall and Steve Lawler, Ricky was heavily influenced and focused on aspiring to perform at this level and has continued to refine his craft ever since. In over two decades Ricky has performed alongside major global talent and curated his own events with key legendary artists from all four corners of the electronic dance music scene - Dave Beer, Yousef, Darius Syrossian to Rayko, Tronik Youth and the Gemini Brothers. The list goes on. Ricky's infamous Lovebug parties were voted by Mixmag as one of the top three nights to go to in the UK, 2013. In 2014 Decoded Magazine featured Ricky as one of the 'future leaders' sitting proudly alongside the likes of Satori & Lauren Lo Sung.

Ricky continues to perform his infectious sound to intimate crowds locally and at a global level. 2015 saw the birth, creation and development of a new future vision, project #tilldeathdousdisco. Born in an old english boozier down in Shoreditch at the iconic Horse & Groom, better known as the ultimate disco pub, TDDUD's punk soul cultivated an enlightened, rolling cosmic groove. As seen in the Ibiza Clubbing guide, Rickys underground love of the emerging slo-mo disco sound unified a desire to host a party, specifically showcasing this sound and the artist making it. Combining Ricky's beliefs, hard work and vast experience of club culture and successful management history of heavy hitting big-named parties, fuelled this exciting launch of TDDUD. Ricky featured on British Airways inflight radio show with his latest Sunset series recorded live from One and Only Reethi Rah, Maldives. Following on in 2019 living in the heart of the old town in Ibiza, residences were gained at Es Vive, Paradise Lost and Boodiou and intimate hangouts such as the legendary Zigfrids at Hoxton Square, London. TDDUD launched Ibizas first ever in house Vinyl DJ Experience with full 5 star reviews. To finish the summer off Ricky was invited as a special guest appearance at the infamous Pikes in Ibiza to perform a btb set with Flash's head man Guy Williams. More recently Ricky has been working on several exciting new projects, including the Mission to Mars interview series, which features a global mix series, his own vinyl label, limited-edition art prints, and the design of TDDUD's exclusive luxury streetwear brand, while also continuing to work on his album set for release by the end of 2026.
